“ *Claudiel was a warrior woman. She had a quiet wisdom that she shared willingly. A joy of life and great strength for herself and others. I will miss her more than words can say. Love you dearly now and always. Xkx*

“ I have many fond memories of my late Auntie Claudel Robinson.

I remember her teaching me how to play badminton, a sport she loved. I was slightly embarrassed and self-conscious about people watching me play in a public place, but I remember her saying, “Stop worrying about who’s around and focus on the match, Andre!”

I’ll always remember how warm and kind she was to me personally. She visited my family and me often during my childhood and teenage years; whenever we visited Jamaica, she would always come to see us.

I remember in 2006, my family and I went to Jamaica on vacation and she was with us most of the time. I remember nothing but good times and laughs whenever Auntie Claudel was around.

Every time I saw her, she would greet me the exact same way: “Young man.”

The last time I saw her was in Bloxburgh, surrounded by family and friends. She drank a beer while food cooked on the grill and in the pot. Music blasted from the speakers and we danced together carefree; she was happy, just as I had always known her to be.

I’m glad I got to see her one last time.

I love you forever, Auntie Claudel, until we meet again. Rest in Paradise 🕊

“ I have very fond memories of my dear friend Claudel from the age of 8 years old when we both attended Montgomery Junior School in Birmingham. We both went on to Pitmaston Girls School where Claudel excelled in sport and was on the school’s netball team. Claudel was a kind, caring and generous lady. I am glad to have been part of her life’s journey and will miss catching up whenever she was in the UK each year.

Rest in peace Claudel.

“ I was so sorry to hear about Claudel’s passing. Claudel was such a charming and elegant lady with a wonderful zest for life. She always carried herself with such grace and dignity, and she was well known for her sense of style, her love of travelling, dancing and spending time with her family and friends.

As we know, in her later years, she did not have the best of health and faced her illness with courage. She was determined to keep going and continued to travel and attend social events.

When Claudel visited London last year, I could see her health had declined. Even so, she was still upbeat and in good spirits.

I will always remember her as a dear friend who was warm, welcoming and fun to be around.

To her family please accept my deepest condolences

May she rest in eternal peace.

“ I met Claudel when we were just 14 and from those school days grew a friendship that lasted a lifetime. Over the years four of us stayed closely connected, meeting at least once a year for lunch, sharing family photos, memories, laughter and the comfort of knowing we had journeyed through life together. Though one of our group passed before her that bond remained strong to the end. Claudel was a dedicated professional, who also knew how to enjoy life, making time to travel, stay active and have fun. She carried that balance with grace. In retirement, she became an engaged and respected member of her community, giving generously of herself. I will always be grateful for her friendship and the many years we shared.

Rest peacefully Claudel – you will never be forgotten. Condolences to Rován and family, the Robinson family, friends.

“ Claudel was often described as a ‘posh lady’ - always organised, committed and carrying herself with quiet grace. She truly embraced her lifestyle, whether through her official roles or her love of travelling, dancing, and socialising especially with her son & his family, her relatives and the close friends she held so dear.

Quote - “Those we love don’t go away, they walk beside us every day” - gone but won’t be forgotten.

Rest in peace Claudel 🕊️
