“ *My belated condolences to the family. I reminisced with a CC old boy last night and browsed my 1984 Cornwallian and saw his photo in the group of boys I taught. Tonight, I am browsing the net and found out about his passing. May you Rest in Power young man. You have done your job. I can still see you sitting at your desk, about to crack a joke. Lol. Unforgettable. We came from the same neighborhood.*
