“ *Doreen was quite and easy going, she took life in strides, worked hard and never complained. She lived for her children and was proud of them at every step. Doreen had the type of persona that would draw you into her. Rest in Peace " pretty Dor".*

“ *My sister Doreen had the most beautiful smile, and infectious laugh. I will miss her dearly and the many smiley face emoji's she would send me at times, it was her way of saying 'sis', I am thinking about you. Sleep on my sister and take your rest.*
