“ *One of nine to survive and beat the odds, you lived to the ripe old age of 94 and managed to keep your wits intact until you were summoned.*

*Always thankful for God's abundant blessings, you stayed above the fray, held it together through your share of extremely difficult times and untold sadness, using humor as your defense.*

*Laughter became your armor and those willing to pass time with you basked in joy attuned to the beat of a different drummer, left at times in absolute stitches from memorable hilarious moments.*

*Heaven will rejoice as God welcomes you to be reunited with all your loved ones and join your voice to the Angels.*

*Your kindness, non judgmental and faith - filled ways will be your enduring legacy for all who follow. May God grant you Eternal Peace and may Perpetual Light shine on you Aunt Nellie. Until we are reunited in His Love,  
your loving niece, Karen*

*I was fortunate enough to get to know Mrs. Chin when my family lived in Jamaica in 74 and 75. She was so sweet and yes she loved to feed people! I was sorry to hear of her passing but glad I know where she went . Terri Hammel( Peden)*
