“Michelle, Wayne, Warren, Kevin & Jerome—We the 76ers plus—his classmates and friends since 1971—would like to extend our heartfelt condolences as we grieve with you the loss of Paul. He was your loving husband, a proud father to your sons; he was our kind friend, brother and fellow traveller. We pray for peace to surround you; for the covering of God’s continued grace on you and your family as you celebrate the life of someone that was beloved by all of us. If ever at all we are able to do anything to ease your grief, please feel free to call on us.

*The last time many of us saw Paul was during our reunion in early 2020. He was vibrant, walking upright and full of life. He was always gracious, bent on uplifting us with words of encouragement, and with an array of inspiring videos. He often shared quotes that reflected his positive outlook on life.*

*Paul - we the 76ers+ are grateful for the time we shared with you, the lessons you taught us and the joy you brought to our lives. You touched each of us in your own unique way. Now your legacy will live on in each of us. Your legacy of excellence, love and dedication to others will live through your family, your sons and through all those who love you. We will never forget you. Your memory will forever be cherished. We have not lost a friend. We have gained an example of what it means to be a special human being. We are all our better selves for having encountered you. We celebrate the time you shared so graciously with us. Dr. Paul Anthony Robinson, you are forever in our hearts.*

*“ I am saddened by the passing of Paul. My sincere condolences to the family.  
Paul and I lives were linked by schools, York Castle, Browns Town Community College and UWI. I take some solace that we were able to make contact back in 2022 after 40 years with no contact and was able to reflect on our life experiences.  
Gone too soon.*

*My sincere condolences to the family of my dear friend Pablo. From the days of boarding at York Castle to boarding at Miss Greenland's home in Brown's Town, we lived like brothers. We were always in touch by phone. In earlier days, we would spend time driving around MoBay whenever I visited the West. The last time that I called him, was probably a day after he literally lost his ability to speak clearly. It broke my heart to listen to him struggling to communicate. I will always remember Pablo for being a true friend. It is my prayer that God will uphold, comfort and strengthen his family as they go through this very difficult time. May his soul rest in peace and light perpetual shine upon him.*

*My sincere condolences to the Robinson family. Spy was a great friend to the end. I was used to getting my good morning texts until one day it was not there. I knew immediately something was wrong. Spy be good in heaven as on earth. RIP*
